Education:

MA in French from Middlebury College

Experience:

taught in Chevy Chase, MD, also at Vanderbilt and MTSU introductory classes.

Services Offered:

one on one either as a class or as a tutor. Most of my recent work has been with adults, though I do work some with teenagers, mostly in private schools. I try to follow as much as possible the methods and style of teaching at Middlebury which is all in the language. I do explain the grammar in English. I try to choose a text that is appropriate to meet the expressed needs of the student, sometimes it is a Metro text, sometimes it is a Barron's publication, or other appropriate material.

I prefer to teach at home. In the case of Vanderbilt athletes I go to the Stratton Foster Center there as per their request.
